Seminar:

miRNAs in muscle and heart

Date: *17 June 2016 (Friday)*
Time: *11:00 am – 12:00 noon*
Venue: *Room 407-408, 4/F, Li Ka Shing Medical Sciences Building, Prince of Wales Hospital, Shatin, New Territories*
Speaker: *Prof. Da-zhi Wang*
Associate Professor, Department of Paediatrics, Harvard Medical School, Harvard University
Associate Scientific Research Staff, Department of Cardiology, Boston Children's Hospital, Boston, Massachusetts

Speaker Profile:

Prof. Da-Zhi Wang received his Ph.D. in 1998 from the Department of Biological Sciences of the University of Iowa followed by a postdoctoral training at the University of Texas Southwestern Medical Center at Dallas. He is now a Principle Investigator at the Division of Cardiovascular Research of Boston Children's Hospital and Harvard Medical School. His laboratory is mostly interested in the molecular mechanisms that control cellular differentiation and morphogenesis during animal development.

All are welcome.
